

## General Livestock Rules and Regulations

1. Deadline for all livestock entries is midnight, May 31, 2023. Entries must be on official entry forms completed online at [Fairentry.com](http://Fairentry.com).  
**Online** - Access [fairentry.com](http://fairentry.com) and complete appropriate entry forms with information requested. Entry fee will be accepted by use of credit card information at time of entry. Online entries cannot be made after May 31, 2023.  
**Late Entries** - will be accepted from June 1-7, 2023. A \$10.00 per head additional fee will apply for all species.  
**Substitution Entries**- will be accepted up to June 9, 2023 at midnight. NO EXCEPTIONS.
2. Bedding will be provided for Cattle, Sheep and Goats. Swine is not to use bedding in their stalls, washed out daily is MANDATORY.
3. Classes entered must be listed on entry form at time of entry.
4. Substitution allowed female for female and male for male, (the market animals must meet the requirements for the Sale of Champions and have a tag on file with the committee) but arrangements for such must be made with the entry clerk by Friday June 9, 2023 General, livestock and health rules apply to substitutes.
5. Arrival, show and release times for livestock are listed on pages 10&11. Health certificates must accompany the animals at time of arrival. Registration certificates/age verification papers are due to superintendents upon arrival.
6. Exhibitors must conform with stall, pen and cage assignments made by the superintendent.
7. A designated veterinarian or his representative will check health certificates on applicable animals, inspect livestock and serve as a consultant on livestock health matters. Health certificate approval on applicable animals is required before animals can be shown.
8. Livestock in breed classes must display legible identification as required by species (tattoo, ear notches, etc.).
9. Breed classes are for registered animals only. Commercial and crossbred animals require proof of age.
10. Animals in halter classes must be halter-broken. Those deemed unmanageable may be dismissed.
11. Animals shown in group classes must be entered and shown in individual classes by the exhibitor, unless stated otherwise.
12. Only the judge, fair officials, superintendent and exhibitors are allowed in the show ring during the exhibition. Superintendents will direct livestock shows, record placings and assure ribbon distribution.
13. Premiums will only be paid on animals properly entered in the class, exhibited and judged in the show ring.
14. If only one exhibitor is entered in the class then only  $\frac{2}{3}$  of the premium will be paid out.
15. Parking allowed only in designated areas with parking passes. Violators will be towed at the owner's expense.
16. NO TRAILERS ALLOWED TO STAY ON GROUNDS AFTER ANIMALS ARE UNLOADED.

## Missouri Animal Health Requirements for Exhibition for 2023

The regulations below are not the official copy of Missouri State Regulations. To view the official regulations please see the Secretary of State's at

<http://www.sos.mo.gov/adrules/csr/currentJ2csr/2c30-2.pdf>. If you have any Questions about entry requirements please call the Division of Animal Health at (573) 751-4359.

PURPOSE: This rule revises and clarifies Missouri's regulations on intrastate and interstate requirements for exhibition.

1. Certificate of Veterinary Inspection.

A. The term Certificate of Veterinary Inspection means an official document signed by an accredited, licensed veterinarian. The official Certificate of Veterinary Inspection shall state that the animals are free of visible signs of contagious, infectious, or communicable disease, describe the animal(s) by species, breed, sex, and age. In addition to the individual animal identification(s), the Certificate of Veterinary Inspection shall reflect all data for required tests and vaccinations, all dates, results, and the name of the laboratory. All breed specific data requirements for the Certificate of Veterinary Inspection are located in the subsection relating to that breed.

B. Animals with active lesions of ringworm with resulting loss of hair or warts easily visible without close examination will not be permitted to exhibit and shall be subject to isolation or expulsion depending upon the nature and seriousness of the disease.

2. The following listed minimal health and testing requirements on livestock are for exhibition only.

**A. Exhibition Requirements for Cattle.**

i. Intrastate (Missouri origin cattle moving for exhibition only).

1. No Certificate of Veterinary Inspection is required.
2. Brucellosis - no test is required.
3. Tuberculosis - no test is required.

ii. Interstate (cattle entering Missouri for exhibition only).

1. All animals must be individually identified by an official ear tag as defined in Title 9, Code of Federal Regulations, Part 71. Registration tattoo, or any other means approved by the state veterinarian and listed on the Certificate of Veterinary Inspection.

2. Brucellosis.

a. Cattle from brucellosis-free states.

i. All sexually intact cattle may enter without a brucellosis test.

ii. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection.

b. Sexually intact cattle from brucellosis Class A states. All test eligible animals must be tested and negative within thirty (30) days prior to entry except:

i. Cattle from a certified brucellosis-free herd. The certified herd number and the date of the last test must be listed on the Certificate of Veterinary Inspection;

ii. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection.

3. Tuberculosis

- a. Dairy - all classes of dairy cattle, two (2) months of age and older, entering Missouri for exhibition must meet the following requirements:
  - i. Must obtain an entry permit;
  - ii. Must have a negative tuberculosis test within sixty (60) days of shipment, test date must be listed on the Certificate of Veterinary Inspection; or
  - iii. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection); or
  - iv. Move directly from a herd of origin that has had one (1) complete negative herd test within (1) year (date of test must be listed on the Certificate of Veterinary Inspection.)
- b. Beef
  - i. All classes of beef cattle, two (2) months of age and older, entering Missouri for exhibition from a state having a tuberculosis-free status may enter without additional testing requirements or entry permit;
  - ii. All classes of beef cattle, two (2) months of age and older, entering Missouri for exhibition from a state having a tuberculosis status less than free must meet the following requirements:
    - 1. Must obtain an entry permit;
    - 2. Must have a negative tuberculosis test within sixty (60) days of shipment, test date must be listed on the Certificate of Veterinary Inspection: or
    - 3. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection): or
    - 4. Move directly from a herd of origin that has had one (1) complete negative herd test within one (1) year (date of test must be listed on the Certificate of Veterinary Inspection).

**B. Exhibition Requirements for Swine (exhibition of feral swine is prohibited).**

- i. Intrastate (Missouri origin swine moving for exhibition only).
  - 1. All swine to be exhibited must be free of clinical signs of infectious or contagious disease.
  - 2. No Certificate of Veterinary Inspection is required.
  - 3. Brucellosis. No test is required.
  - 4. Pseudorabies. No test is required.
- ii. Interstate (swine entering Missouri for exhibition only).
  - 1. All swine must be individually identified by official ear tag as defined in Title 9, Code of Federal Regulations, Part 71. Ear notch, tattoo, or any other means of permanent identification approved by the state veterinarian and be individually listed on a Certificate of Veterinary Inspection and free of clinical signs of infectious or contagious disease. An entry permit is required.
    - a. Brucellosis.

i. Swine originating from brucellosis-free states may exhibit without a brucellosis test.

ii. Swine originating from a state having a brucellosis status less than free must be tested negative within sixty (60) days prior to exhibition except breeding swine from a validated brucellosis-free herd. The validated herd number and date of last validating test must be listed on the Certificate of Veterinary Inspection.

b. Pseudorabies.

i. Swine originating from a state classified as Stage V in the National Pseudorabies (PRV) Eradication Plan may exhibit without a pseudorabies test.

ii. All other swine must be tested negative within sixty (60) days prior to exhibition except swine from a qualified pseudorabies-free herd. The qualified herd number and date of the last qualifying test must be listed on the Certificate of Veterinary Inspection.

### **C. Exhibition Requirements for Equine**

i. Intrastate (Missouri origin horses and other equidae moving for exhibition.)

1. Equidae must be free of clinical signs of an infectious or contagious disease. Any equidae showing signs of infectious or contagious disease at an exhibition shall be excused by the official inspecting veterinarian. When an official inspecting veterinarian is present, all equidae will be subject to daily inspection.

2. A Certificate of Veterinary Inspection is not required.

3. All equidae (except nursing foals accompanied by their dams) must be accompanied by a current VS Form 10-11 or any officially recognized federal/state Equine Infectious Anemia (EIA) test chart showing testdate within twelve (12) months prior to exhibition for each animal, the name of the EIA accredited testing laboratory and the test accession number assigned by the laboratory, the graphic description of all markings needed for identification, or microchip, or legible tattoo, or unique registered brand or imprinted photograph on any officially recognized federal/state EIA test chart. A certified photocopy or certified facsimile of the VS Form 10-11 or any officially recognized federal/state EIA test chart may be accepted for the purpose of exhibition.

a. A certified photocopy is one obtained from the testing veterinarian or accredited testing laboratory bearing seal or signature in the lower right-hand corner along with the date of certification of photocopy in some ink other than black.

b. A certified facsimile may be obtained only from the testing veterinarian or accredited testing laboratory and must bear the facsimile imprint of the originating facility clearly across the top of the page. It must also bear the date of facsimile either along the top or in the lower right-hand corner.

c. Alteration or substitution of any information on any VS Form 10-11 or any officially recognized federal/state EIA test chart, including certified photocopies, certified facsimiles, or Certificate of Veterinary Inspections, shall cause the document to be invalid and in violation of sections 267.010 to 267.730, RSMo, and may result in civil penalties not to exceed ten thousand dollars (\$10,000) per violation and subject to expulsion.

ii. Interstate

1. Equidae must be free of clinical signs of an infectious or contagious disease. Any equidae showing signs of infectious or contagious diseases at an exhibition shall be excused by the official inspecting veterinarian. When an official inspecting veterinarian is present, all equidae will be subject to daily inspection.

2. A Certificate of Veterinary Inspection is required on all equidae (except nursing foals accompanied by their dams) showing identification and description of equidae listed and negative test results of an official EIA test, showing test date within twelve (12) months prior to exhibition for each animal, and the name of the EIA-accredited testing laboratory and the test accession number assigned by the laboratory. All equidae entering without an official Certificate of Veterinary Inspection and/or EIA test shall be excused from the show until proper documentation and test are available.

3. All equidae (except nursing foals accompanied by their dams) must be accompanied by a current VS Form 10-11 or any officially recognized federal/state Equine Infectious Anemia (EIA) test chart showing test date within twelve (12) months prior to exhibition for each animal, the name of the EIA accredited testing laboratory and the test accession number assigned by the laboratory, the graphic description of all markings needed for identification or microchip, or legible tattoo, or unique registered brand or imprinted photograph on any officially recognized federal/state EIA test chart. A certified photocopy or certified facsimile of the VS Form 10-11 or any officially recognized federal/state EIA test chart may be accepted for the purpose of exhibition.

a. A certified photocopy is one obtained from the testing veterinarian or accredited testing laboratory bearing seal or Signature in the lower right-hand corner along with the date of certification of photocopy in some ink color other than black.

b. A certified facsimile may be obtained only from the testing veterinarian or accredited testing laboratory and must bear the facsimile imprint of the originating facility clearly across the top of the page. It must also bear the date of the facsimile either along the top or in the lower right-hand corner.

c. Alteration or substitution of any information on any VS Form 1011 or any officially recognized federal/state EIA test chart, including certified photocopies, certified facsimiles, or Certificate of Veterinary Inspection, shall cause the document to be invalid and in violation of sections 267.010 to 267.730, RSMo, and may result in civil penalties not to exceed ten thousand dollars (\$10,000) per violation and subject to expulsion.

4. A six (6)-month passport from states with which there is a reciprocal agreement will be accepted in lieu of a Certificate of Veterinary Inspection. These passports must have proof of a negative EIA test within thirty (30) days of the date of application of the passport and permanent identification for each horse recorded on the passport and the VS Form 10-11 or any officially recognized federal/state EIA test chart, along with other identifying characteristics. In the event of confirmed vesicular stomatitis in any of the states with which reciprocal agreements exist, use of the six (6)-month passport will be suspended by the state veterinarian of Missouri.

5. Venezuelan Equidae Encephalomyelitis (VEE) vaccination and entry permit is required prior to entry on equidae originating from states in which VEE has been diagnosed within the preceding twelve (12) months.

6. Any equidae from a premise under quarantine for vesicular stomatitis shall obtain an entry permit and must include the statement on the Certificate of Veterinary Inspection that "the equidae listed have not been exposed to vesicular stomatitis within the past (30) days."

7. The board, organization, or manager of each assembly or event is responsible for certifying that all equidae admitted or participating meet the regulations in this section and shall not admit or allow participation of equidae not so certified. Untested equidae shall not be allowed to congregate with other equidae. The owner of each animal shall comply with requirements under sections 267.010 to 267.730, RSMo, and may be assessed civil penalties not to exceed ten thousand dollars (\$10,000) for each violation.

#### **D. Exhibition Requirements for Sheep.**

i. Intrastate (Missouri origin sheep moving for exhibition.)

1. All sheep, regardless of age or gender, must be free of clinical signs of an infectious or contagious disease.

2. All sheep, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the flock-of-origin and be listed on a Certificate of Veterinary Inspection.

3. No tests are required.

4. Scabies.

a. Sheep from a scabies-quarantined area must be dipped or treated by an officially approved method within ten (10) days prior to exhibition.

ii. Interstate (sheep entering Missouri for exhibition only.)

1. All sheep, regardless of age or gender, must be free of clinical signs of an infectious or contagious disease.

2. All sheep, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the flock-of-origin and be listed on a Certificate of Veterinary Inspection.

3. No tests or entry permit is required.

4. Scabies.

a. Sheep from a scabies-quarantined area must be dipped or treated by an officially approved method within ten (10) days prior to exhibition.

b. A permit number must be obtained and recorded on a Certificate of Veterinary Inspection if the sheep are from a scabies-quarantined area.

#### **E. Exhibition Requirements for Goats**

i. Intrastate (Missouri origin goats moving for exhibition only.)

1. All goats, regardless of age or gender, must be free of clinical signs of an infectious or contagious disease.

2. All goats, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the herd-to-origin and be listed on a Certificate of Veterinary Inspection.

- ii. Interstate (goats entering Missouri for exhibition only).

1. All goats must be free of clinical signs of an infectious or contagious disease.

2. All goats, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the herd-of-origin and be listed on a Certificate of Veterinary Inspection.

3. No tests or entry permits are required.

#### **F. Exhibition Requirements for Poultry**

- i. Intrastate (Missouri origin poultry moving for exhibition only).

1. All poultry must be free of clinical signs of any infectious or contagious disease.

2. No Certificate of Veterinary Inspection is required.

3. Pullorum-typhoid. All poultry exhibited (except Missouri origin waterfowl) shall be tested negative for pullorum-typhoid within ninety (90) days prior to exhibition or equivalent program in which the flock has been tested within the past twelve (12) months with no change of ownership. This information shall be documented on a VS Form 9-2 (see 2 CSR 30-8.020) or similar certificate which shall accompany the poultry to the exhibition and shall be made available on request.

- ii. Interstate (poultry entering Missouri for exhibition only.)

1. All poultry must be free of clinical signs of any infectious or contagious disease.

2. A Certificate of Veterinary Inspection, VS Form 9-2 or similar certificate is required.

3. Pullorum-typhoid test. All poultry exhibited shall be tested negative for pullorum-typhoid within ninety (90) days prior to exhibition or originate from a flock approved by the National Poultry Improvement Plan (NPIP) or an equivalent program in which the flock has been tested within the past twelve (12) months with no change of ownership. This information shall be documented on a Certificate of Veterinary Inspection, a VS Form 9-2 (see 2 CSR 30-8.020) or similar certificate which shall accompany the poultry to exhibition and shall be made available on request.

4. An entry permit is required.

White	1pt- 25cts	1pt- 25cts	1pt- 25cts	1pt- 25cts

*If only one in breed class only 2/3 of payout is paid.*

# Junior Market Livestock Arrival and Release Dates and Times

## Arrival

Market Steers	Tuesday June 20	Weigh in starts at 8Am Must be in place by 10 am
Market Swine	Tuesday June 20	Weigh in starts at 6 AM Must be in place by 10 am
Market Sheep	Tuesday June 20	Weigh in starts after swine Must be in place by 11am
Market Goats	Tuesday June 20	Weigh in starts after swine Must be in place by 11am
Market Poultry and Rabbits	Wednesday June 21	Must be in place by 12pm

## Release

Market Poultry and Rabbits	Thursday June 22	After Sale is Complete
Market Steers	Sunday June 25	6AM
Market Swine	Sunday June 25	6AM
Market Sheep	Sunday June 25	6AM
Market Goats	Sunday June 25	6AM

\*Early Release MUST be approved by the Species Superintendent, if taken before release date and time without permission then exhibitor forfeits all premiums\*

## Show Times

Swine	Wednesday June 21	8AM
Sheep	Wednesday June 21	To follow the swine show
Goats	Wednesday June 21	To follow the sheep show
Cattle	Wednesday June 21	To follow the goat show
Purple Ribbon Heifer	Wednesday June 21	To follow the steers
Poultry and Rabbits	Wednesday June 21	To follow the purple ribbon heifers

# Junior Breeding Livestock Arrival and Release Dates and Times

## Arrival

Poultry and Rabbits	Wednesday June 21	4-6PM
Cattle	Thursday June 22	Must be in place by 12 pm
Swine	Thursday June 22	Must be in place by 12 pm
Sheep	Thursday June 22	Must be in place by 12 pm
Goats	Thursday June 22	Must be in place by 12 pm

## Release

Poultry and Rabbits	Sunday June 25	6am
Cattle	Sunday June 25	6am
Swine	Sunday June 25	6am
Sheep	Sunday June 25	6am
Goats	Sunday June 25	6am

\*Early Release MUST be approved by the Species Superintendent, if taken before release date and time without permission then exhibitor forfeits all premiums\*

## Show Times
