Missouri Animal Health Requirements for Exhibition for 2023

The regulations below are not the official copy of Missouri State Regulations. To view the official regulations please see the Secretary of State's at

<http://www.sos.mo.gov/adrules/csr/currentJ2csr/2c30-2.pdf>. If you have any Questions about entry requirements please call the Division of Animal Health at (573) 751-4359.

PURPOSE: This rule revises and clarifies Missouri's regulations on intrastate and interstate requirements for exhibition.

1. Certificate of Veterinary Inspection.

A. The term Certificate of Veterinary Inspection means an official document signed by an accredited, licensed veterinarian. The official Certificate of Veterinary Inspection shall state that the animals are free of visible signs of contagious, infectious, or communicable disease, describe the animal(s) by species, breed, sex, and age. In addition to the individual animal identification(s), the Certificate of Veterinary Inspection shall reflect all data for required tests and vaccinations, all dates, results, and the name of the laboratory. All breed specific data requirements for the Certificate of Veterinary Inspection are located in the subsection relating to that breed.

B. Animals with active lesions of ringworm with resulting loss of hair or warts easily visible without close examination will not be permitted to exhibit and shall be subject to isolation or expulsion depending upon the nature and seriousness of the disease.

2. The following listed minimal health and testing requirements on livestock are for exhibition only.

A. Exhibition Requirements for Cattle.

i. Intrastate (Missouri origin cattle moving for exhibition only).

1. No Certificate of Veterinary Inspection is required.
2. Brucellosis - no test is required.
3. Tuberculosis - no test is required.

ii. Interstate (cattle entering Missouri for exhibition only).

1. All animals must be individually identified by an official ear tag as defined in Title 9, Code of Federal Regulations, Part 71. Registration tattoo, or any other means approved by the state veterinarian and listed on the Certificate of Veterinary Inspection.

2. Brucellosis.

a. Cattle from brucellosis-free states.

- i. All sexually intact cattle may enter without a brucellosis test.
- ii. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection.

b. Sexually intact cattle from brucellosis Class A states. All test eligible animals must be tested and negative within thirty (30) days prior to entry except:

- i. Cattle from a certified brucellosis-free herd. The certified herd number and the date of the last test must be listed on the Certificate of Veterinary Inspection;
- ii. Steers. No brucellosis test required but must be individually identified and listed on a Certificate of Veterinary Inspection.

3. Tuberculosis

- a. Dairy - all classes of dairy cattle, two (2) months of age and older, entering Missouri for exhibition must meet the following requirements:
 - i. Must obtain an entry permit;
 - ii. Must have a negative tuberculosis test within sixty (60) days of shipment, test date must be listed on the Certificate of Veterinary Inspection; or
 - iii. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection); or
 - iv. Move directly from a herd of origin that has had one (1) complete negative herd test within (1) year (date of test must be listed on the Certificate of Veterinary Inspection.)
- b. Beef
 - i. All classes of beef cattle, two (2) months of age and older, entering Missouri for exhibition from a state having a tuberculosis-free status may enter without additional testing requirements or entry permit;
 - ii. All classes of beef cattle, two (2) months of age and older, entering Missouri for exhibition from a state having a tuberculosis status less than free must meet the following requirements:
 - 1. Must obtain an entry permit;
 - 2. Must have a negative tuberculosis test within sixty (60) days of shipment, test date must be listed on the Certificate of Veterinary Inspection: or
 - 3. Move from an accredited tuberculosis-free herd (herd test date must be listed on the Certificate of Veterinary Inspection): or
 - 4. Move directly from a herd of origin that has had one (1) complete negative herd test within one (1) year (date of test must be listed on the Certificate of Veterinary Inspection).

B. Exhibition Requirements for Swine (exhibition of feral swine is prohibited).

- i. Intrastate (Missouri origin swine moving for exhibition only).
 - 1. All swine to be exhibited must be free of clinical signs of infectious or contagious disease.
 - 2. No Certificate of Veterinary Inspection is required.
 - 3. Brucellosis. No test is required.
 - 4. Pseudorabies. No test is required.
- ii. Interstate (swine entering Missouri for exhibition only).
 - 1. All swine must be individually identified by official ear tag as defined in Title 9, Code of Federal Regulations, Part 71. Ear notch, tattoo, or any other means of permanent identification approved by the state veterinarian and be individually listed on a Certificate of Veterinary Inspection and free of clinical signs of infectious or contagious disease. An entry permit is required.
 - a. Brucellosis.

i. Swine originating from brucellosis-free states may exhibit without a brucellosis test.

ii. Swine originating from a state having a brucellosis status less than free must be tested negative within sixty (60) days prior to exhibition except breeding swine from a validated brucellosis-free herd. The validated herd number and date of last validating test must be listed on the Certificate of Veterinary Inspection.

b. Pseudorabies.

i. Swine originating from a state classified as Stage V in the National Pseudorabies (PRV) Eradication Plan may exhibit without a pseudorabies test.

ii. All other swine must be tested negative within sixty (60) days prior to exhibition except swine from a qualified pseudorabies-free herd. The qualified herd number and date of the last qualifying test must be listed on the Certificate of Veterinary Inspection.

C. Exhibition Requirements for Equine

i. Intrastate (Missouri origin horses and other equidae moving for exhibition.)

1. Equidae must be free of clinical signs of an infectious or contagious disease. Any equidae showing signs of infectious or contagious disease at an exhibition shall be excused by the official inspecting veterinarian. When an official inspecting veterinarian is present, all equidae will be subject to daily inspection.

2. A Certificate of Veterinary Inspection is not required.

3. All equidae (except nursing foals accompanied by their dams) must be accompanied by a current VS Form 10-11 or any officially recognized federal/state Equine Infectious Anemia (EIA) test chart showing test date within twelve (12) months prior to exhibition for each animal, the name of the EIA accredited testing laboratory and the test accession number assigned by the laboratory, the graphic description of all markings needed for identification, or microchip, or legible tattoo, or unique registered brand or imprinted photograph on any officially recognized federal/state EIA test chart. A certified photocopy or certified facsimile of the VS Form 10-11 or any officially recognized federal/state EIA test chart may be accepted for the purpose of exhibition.

a. A certified photocopy is one obtained from the testing veterinarian or accredited testing laboratory bearing seal or signature in the lower right-hand corner along with the date of certification of photocopy in some ink other than black.

b. A certified facsimile may be obtained only from the testing veterinarian or accredited testing laboratory and must bear the facsimile imprint of the originating facility clearly across the top of the page. It must also bear the date of facsimile either along the top or in the lower right-hand corner.

c. Alteration or substitution of any information on any VS Form 10-11 or any officially recognized federal/state EIA test chart, including certified photocopies, certified facsimiles, or Certificate of Veterinary Inspections, shall cause the document to be invalid and in violation of sections 267.010 to 267.730, RSMo, and may result in civil penalties not to exceed ten thousand dollars (\$10,000) per violation and subject to expulsion.

ii. Interstate

1. Equidae must be free of clinical signs of an infectious or contagious disease. Any equidae showing signs of infectious or contagious diseases at an exhibition shall be excused by the official inspecting veterinarian. When an official inspecting veterinarian is present, all equidae will be subject to daily inspection.

2. A Certificate of Veterinary Inspection is required on all equidae (except nursing foals accompanied by their dams) showing identification and description of equidae listed and negative test results of an official EIA test, showing test date within twelve (12) months prior to exhibition for each animal, and the name of the EIA-accredited testing laboratory and the test accession number assigned by the laboratory. All equidae entering without an official Certificate of Veterinary Inspection and/or EIA test shall be excused from the show until proper documentation and test are available.

3. All equidae (except nursing foals accompanied by their dams) must be accompanied by a current VS Form 10-11 or any officially recognized federal/state Equine Infectious Anemia (EIA) test chart showing test date within twelve (12) months prior to exhibition for each animal, the name of the EIA accredited testing laboratory and the test accession number assigned by the laboratory, the graphic description of all markings needed for identification or microchip, or legible tattoo, or unique registered brand or imprinted photograph on any officially recognized federal/state EIA test chart. A certified photocopy or certified facsimile of the VS Form 10-11 or any officially recognized federal/state EIA test chart may be accepted for the purpose of exhibition.

a. A certified photocopy is one obtained from the testing veterinarian or accredited testing laboratory bearing seal or Signature in the lower right-hand corner along with the date of certification of photocopy in some ink color other than black.

b. A certified facsimile may be obtained only from the testing veterinarian or accredited testing laboratory and must bear the facsimile imprint of the originating facility clearly across the top of the page. It must also bear the date of the facsimile either along the top or in the lower right-hand corner.

c. Alteration or substitution of any information on any VS Form 1011 or any officially recognized federal/state EIA test chart, including certified photocopies, certified facsimiles, or Certificate of Veterinary Inspection, shall cause the document to be invalid and in violation of sections 267.010 to 267.730, RSMo, and may result in civil penalties not to exceed ten thousand dollars (\$10,000) per violation and subject to expulsion.

4. A six (6)-month passport from states with which there is a reciprocal agreement will be accepted in lieu of a Certificate of Veterinary Inspection. These passports must have proof of a negative EIA test within thirty (30) days of the date of application of the passport and permanent identification for each horse recorded on the passport and the VS Form 10-11 or any officially recognized federal/state EIA test chart, along with other identifying characteristics. In the event of confirmed vesicular stomatitis in any of the states with which reciprocal agreements exist, use of the six (6)-month passport will be suspended by the state veterinarian of Missouri.

5. Venezuelan Equidae Encephalomyelitis (VEE) vaccination and entry permit is required prior to entry on equidae originating from states in which VEE has been diagnosed within the preceding twelve (12) months.

6. Any equidae from a premise under quarantine for vesicular stomatitis shall obtain an entry permit and must include the statement on the Certificate of Veterinary Inspection that "the equidae listed have not been exposed to vesicular stomatitis within the past (30) days."

7. The board, organization, or manager of each assembly or event is responsible for certifying that all equidae admitted or participating meet the regulations in this section and shall not admit or allow participation of equidae not so certified. Untested equidae shall not be allowed to congregate with other equidae. The owner of each animal shall comply with requirements under sections 267.010 to 267.730, RSMo, and may be assessed civil penalties not to exceed ten thousand dollars (\$10,000) for each violation.

D. Exhibition Requirements for Sheep.

i. Intrastate (Missouri origin sheep moving for exhibition.)

1. All sheep, regardless of age or gender, must be free of clinical signs of an infectious or contagious disease.

2. All sheep, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the flock-of-origin and be listed on a Certificate of Veterinary Inspection.

3. No tests are required.

4. Scabies.

a. Sheep from a scabies-quarantined area must be dipped or treated by an officially approved method within ten (10) days prior to exhibition.

ii. Interstate (sheep entering Missouri for exhibition only.)

1. All sheep, regardless of age or gender, must be free of clinical signs of an infectious or contagious disease.

2. All sheep, regardless of age or gender, must be individually identified by an official scrapie identification as defined in Title 9, Code of Federal Regulations, Part 79, or any other means of permanent identification approved by the state veterinarian identifying them to the flock-of-origin and be listed on a Certificate of Veterinary Inspection.

3. No tests or entry permit is required.

4. Scabies.

a. Sheep from a scabies-quarantined area must be dipped or treated by an officially approved method within ten (10) days prior to exhibition.

b. A permit number must be obtained and recorded on a Certificate of Veterinary Inspection if the sheep are from a scabies-quarantined area.
